Process Overview: Register as a Caregiver

Step 1: Submit Application

Caregivers ***must*** be at least 21 years of age and have a valid, accessible email account

Complete and submit the online application form on the MMCC Registry website

MMCC must review and approve your application

Once approved, registration is valid for two years

No fee to apply

Step 2: Select Patient

Once approved by MMCC, you can log in to the MMCC Caregiver Registry to select a patient

Refer to *Quick Reference: Designate a Patient or Caregiver* for instructions on how to select a patient

Step 3: Purchase ID Card

An ID card is ***required*** for a caregiver to purchase or transport medical cannabis for a registered patient

A registered caregiver cannot request an ID card until being desigated as a caregiver for a registered patient who has a valid written certification from a registered physician

Caregiver ID card fee: $50

Step 4: Visit Dispensary

Only after receiving MMCC approval, being designated a caregiver for a registered patient with a valid written certification and obtaining an ID card from MMCC is a caregiver able to purchase medical cannabis from a licensed Maryland dispensary and transport it to a registered patient
