VI. Diversity & Social and Economic Equity Factors

(Scoring Method: 15 points)

Applicants seeking to qualify as Disadvantaged Equity Applicants, Members of the Most Disadvantaged Groups in the Medical Cannabis Industry, or Economically Disadvantaged Applicants have the burden of proving membership in a disadvantaged group and/or ownership interest.

Bona fide status as a member of a minority group can be established on the basis of the individual's claim that he or she is a member of such a group through a diversity attestation. However, the Commission is not required to accept this claim if it determines the claim to be invalid based on the totality of the evidence.

When seeking to prove that a specified percent of ownership interest, meaning equity interest, is held by one or more disadvantaged Applicants, the contributions of capital to acquire an ownership interest in the business and the adequacy of its resources must be real, substantial, and continuing and must go beyond the *pro forma* ownership of the business as reflected in its ownership documents. For proof of ownership, please provide any Applicant entity formation documents or documents filed with the Maryland Secretary of State (e.g. articles of incorporation, stock issuance records, operating agreements, and partnership agreements.)

Examples of insufficient ownership interest include a promise to contribute capital or mere intent to participate in the business's activities as an employee. The disadvantaged owner/investor shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with his/her ownership interest, as demonstrated by an examination of the substance rather than the form of arrangements.

Ownership is a factual determination which will be decided on a case-by-case basis, in consideration of all facts in the record. The Commission may interview any disadvantaged owner/investor named in the Application to discuss the associated supporting documentation and gather any additional data concerning the business operation and the role of the various owners/investors. A material misstatement of fact is grounds for denial or disqualification of an Application.

The Commission will closely scrutinize Applicant businesses whose ownership changes prior to the final approval of a license to determine the reasons for the timing of the change. If the change results in a reduction in the percentage of disadvantaged ownership, Stage One Pre-Approval may be rescinded if it adversely impacts the scoring of the Application.

1. Diversity Plan (5 points)

In accordance with COMAR 10.62.19.04I(6)(a), an Applicant shall include with its Application a Diversity Plan that promotes and ensures the involvement of diverse participants and groups in ownership, management, employment, and contracting opportunities. Diverse participants include individuals from diverse racial, ethnic, and cultural backgrounds and communities, small businesses, women, veterans, and individuals with disabilities. Diverse groups include businesses that have been certified by a third-party certifying organization as a disadvantaged business; minority-owned business; woman-owned business; service-disabled veteran-owned small business; or veteran-owned small business. The Commission will determine whether the stated goals in the Diversity Plan are reasonable and represent a good faith effort to meet the goals.

DIVERSITY PLAN – EQUAL OPPORTUNITY AND ACCESS IN EMPLOYMENT

In narrative form, please provide a detailed written plan, including objectives, timetables, and evaluation metrics, that describes the steps the Applicant will take to ensure that the business will promote meaningful inclusion of diverse participants in ownership, management, employment, and contracting to ensure that the participants are afforded equality of opportunity. To the extent available, include the following:

1. The diversity status of each owner, investor, employee, and contractor;
2. Strategies for obtaining a diverse group of owners, investors, employees, including executive and managerial positions, and contractors;
3. Internal diversity goals adopted by the Applicant;
4. A plan for diversity-related outreach or events the Applicant will conduct to support its diversity goals in ownership, investment, management, employment, and contracting;
5. Proposed timelines and benchmarks for achieving the diversity goals outlined in the plan; and
6. Any other information that demonstrates the Applicant's commitment to ownership, investment, management, employment, and contracting diversity.

The Diversity Plan may not exceed 2,500 words in total.
