Natalie M. LaPrade
Maryland Medical Cannabis Commission

September 10, 2018

The Maryland Medical Cannabis Commission is pleased to announce that it has received 31 Letters of Intent from educational organizations/institutions and business development organizations expressing interest in the grant opportunity for the Medical Cannabis Educational and Business Development Training Program. The Commission is no longer accepting Letters of Intent for this grant opportunity.

Interested individuals may wish to contact the following organizations (listed in alphabetical order) that submitted Letters of Intent for the purpose of possible partnership or collaboration on the grant. A few other organizations also submitted Letters of Intent but indicated that they are not interested in partnership or collaboration at this time.
