F. A secured creditor may request the Commission to issue a Certificate of Authority pursuant to Regulation .04 of this chapter

.04 Issuance of Certificate of Authority.

B. A Certificate of Authority confers legal authority over the operation and disposition of a grower, processor, or dispensary license, including assets of the licensee, under the circumstances described in §C of this regulation.

C. The Certificate of Authority may be issued if the licensed grower, processor, or dispensary whose medical cannabis license is subject to a Commission-approved security interest:

disposition of the associated license, including any assets of the licensee.

H. The holder of a Certificate of Authority is subject to the same restrictions and obligations as a grower, processor, or dispensary licensee, except as specifically exempted under this chapter.

(2) The holder of the Certificate of Authority shall make any subsequent renewal requests not less than 10 days before the expiration of the Certificate of Authority.

(3) Upon good cause shown that more time is necessary to allow for the continued operation and orderly disposition of the associated license and licensee’s assets, the Commission may renew the Certificate of Authority for additional 60 day periods until the completion of the disposition has been ratified and approved by the Commission.

C. A Certificate of Authority does not replace a grower, processor, or dispensary license, which remains in effect.

D. If the license expires while the Certificate of Authority is active:

(1) The receiver may continue to carry out its responsibilities after the date the license expires; and

(2) The license may be renewed upon final disposition of the secured license, including the sale and transfer of the license and associated business assets.

(6) An affidavit confirming that the applicant does not have a financial or ownership interest in any other grower, processor, or dispensary license in Maryland;
Any additional information requested by the Commission.

C. The application shall be accompanied by the non-refundable receivership application fee specified in COMAR 10.62.35.

D. (1) Upon receipt of a completed receiver application and associated fee, the Commission shall either approve, deny, or request additional information from the applicant.

.09 Disposition of a Secured Medical Cannabis License.

A. If a Certificate of Authority has been issued under this chapter and the grower, processor, or dispensary cannot be restored to solvency, the holder of the Certificate of Authority shall initiate the orderly disposition
of the secured license and associated business assets in accordance with a Commission approved plan to satisfy its security interest in the value of the secured license.

B. Disposition of a secured license and associated business assets, including the method, manner, time, place, and other terms, must be in accordance with the following:

D. To facilitate the orderly disposition of a secured license and associated assets, the provisions set forth in Health-General Article § 13-3311.1 do not apply to the sale or transfer of the license, or licenses, named in a Certificate of Authority issued pursuant to this chapter.

E. Notwithstanding § D of this regulation, the sale or transfer of a license in accordance with this chapter must be conducted in good faith, and the provisions of this chapter may not be used as a mechanism to eschew the requirements of Health-General Article § 13-3311.1.
