STORE MEDICAL CANNABIS SAFELY

Store medical cannabis up, away and out of reach of children and pets—consider using a lock box or other sealed storage system. **A little precaution and common sense can go a long way in preventing an accidental ingestion!**

If you are worried about an adverse reaction to cannabis, call 911 or visit your nearest hospital if it is a medical emergency.

For non-emergencies, contact the Maryland Poison Control Center at 1-800-222-1222. Help is available 24 hours a day. Calls are confidential.
